

Alumni Helping Students

Join the [UC Berkeley Career Center](#) and the [Cal Alumni Association](#) in helping students gain clarity in their career & internship pursuits and make connections through the following engagement opportunities:

Career Connections – Networking Events

For each of these casual networking events, held in the fall and spring semesters, we are seeking a diverse group of alumni to showcase the many careers offered within specific fields or interests. No prep is required; simply attend and share your Cal to career story and advice to those who hope to follow in your footsteps.

[Volunteer to share your career insight.](#)

Career Connections Treks – Employer Site Visits

Are you a local or SoCal company seeking a creative and engaging way to build your campus brand? You may be able to host a group of Cal students at your employment office for an event at your company. Activities include: a tour, networking with Cal alumni employees, and an interactive presentation that highlights your industry and career options.

[Connect with us to explore the possibilities.](#)

Externships

During winter break, select students are paired with Cal alumni worldwide for a high-impact experience to shadow professionals at their workplace. Mentor a student for one day or up to two weeks through this low-commitment volunteer opportunity.
