CED Career Fair
March 12, 2015; 3pm-7pm
International House (I-House)
Hosted by the Career Center, Alpha Rho Chi, American Institute of Architecture Students (AIAS)

The College of Environmental Design (CED) and the Career Center have formed a partnership to better serve participating firms, as well as professionals and students seeking employment in the exciting fields that comprise Environmental Design - Architecture, Landscape Architecture, Urban Design and City & Regional Planning students.

American Institute of Architects, East Bay
http://www.aiaeb.org

Description of organization:
Architecture students--we're here to help you navigate life after graduation! Questions about IDP? The ARE? Local firms? Resumes and portfolios? How to get an internship? Come by to talk to our staff.
Also, we're going to be hiring one intern to assist with our annual Architecture Camp this June. AIA East Bay is a Bay Area local chapter of The American Institute of Architects that serves architects and the public in the four northern California counties of Alameda, Contra Costa, Napa and Solano. The chapter has been in existence since 1947 and has grown from a group of 30 Charter Members to a current membership of more than 900.

Job/Internship:
This camp for local middle schoolers, funded by Fam1st Foundation, is held over four days at the end of June. The Internship will be approximately six weeks and will assist in producing materials and projects for the campers. The Intern will also participate during all Camp days.

Type: Non-Profit and Social Services
Degree(s): Bachelor, Masters
Major(s): Architecture

Work Location(s): Oakland, CA / Berkeley, CA
American Planning Association  
California Northern Chapter  

http://norcalapa.org/  

Description of organization:  
The American Planning Association, California Chapter Northern, offers membership to city planners and associated professionals that primarily live or work in the western Klamath and Pacific Coast Ranges regions. The Section includes the highly populated nine-county San Francisco Bay Area and extends approximately 500 miles from the Oregon border to south of Monterey Bay.  

APA California–Northern promotes planning-related continuing education, social functions and other activities in order to:  
Provide an arena for communication and exchange of information;  
Raise member awareness and involvement in APA affairs;  
Increase public awareness of the importance of planning;  
Encourage professionalism in the conduct of its members; and  
Foster a sense of community among its members.  

Job/Internship:

**BDE Architecture**

http://www.bdearch.com

**Description of organization:**
BDE Architecture is a San Francisco based 20-person architecture firm that specializes in multi-family housing throughout the Bay Area. Since 1988, BDE Architecture has specialized in the design of projects which involve complex programming, challenging site locations, difficult approval processes, budget constraints and demanding aesthetic goals. We relish the complexity of these projects and our comprehensive team approach underlies our ability to solve these intricate architectural problems. We pride ourselves in developing strong connections between architect, client, consultants and contractor, which is paramount in creating a cohesive product that responds to the aesthetic, economic and constructability of the project.

**Job/Internship:**
Junior Designer: 0-2 years experience, preferably with experience on multi-family housing projects. Strong time management skills and the ability to work on multiple projects. The individual must be proactive, work well independently and with a team.

Intermediate Designer: Passed ARE Licensing Exams or is committed to passing the ARE Licensing Exams. 4-8 years experience, preferably with experience as a project manager on multi-family housing projects. Comprehensive understanding of building systems, constructability, detailing and how to properly document these items within well-coordinated construction documents. Experience maintaining positive client relationships. Experience developing / managing work plans and directing consultant team.

**Type:** Architecture/Planning  
**Degree(s):** Bachelor, Masters  
**Major(s):** Architecture  
**Position(s):** Paid, Full-time  
**Work Location(s):** San Francisco, CA

**HMC Architects**

Description of organization:
Since 1940, HMC Architects’ work has been driven by the belief that design can change the world. We’re passionate about putting design to work in service of larger, more meaningful goals, whether societal, educational, medical, or cultural. We offer our clients agility and individualized attention combined with deep resources, drawn from the expertise and career-long learning of our staff. We believe that a smart solution results most reliably from a smart process, and that a project created with clients rather than for them stands a better chance of benefiting everyone involved in its implementation.

Job/Internship:
The intern will assist in the production and development of projects, will produce production presentation material, and will assist in the production and documentation of construction documents.
Minimum Requirements
Education: In the process of an Architectural degree from an accredited university.
Experience: Minimum of one (1) year experience in architecture.

Type: Architecture/Planning  
Degree(s): Bachelor, Masters

Position(s): Summer Job, Internship  
Work Location(s): Sacramento, CA / Oakland, CA / San Jose, CA

---

**IA Interior Architects**

Description of organization:
As our name implies, Interior Architect's strength is interiors. We think about buildings from the inside-out, which has the greatest and most meaningful impact on people. We understand interior environments better than anyone else, and our team is comprised of individuals who have shaped their careers around how a space impacts companies - their people, their brand and their bottom line.

The essence of IA is working across a wide range of client types in developing strategies and design solutions focusing on assessing how people work and how we can use design to make work better.
IA is the first global architectural firm to concentrate exclusively on the practice of interior architecture.

Job/Internship:
Intern - 3 month paid internship  
Jr. Designer - 0-3 years experience, Revit experience preferred.

Type: Architecture/Planning

WRT

http://www.wrtdesign.com

Description of organization:
WRT is an industry-leading design and planning practice rooted in the pursuit of community betterment through promotion of socio-economic equity and ecological enhancement with a strong commitment to addressing the pressing challenges of our times related to climate-resiliency, green infrastructure and carbon reduction strategies. The practice is closely focused on redevelopment, rehabilitation and revitalization of urban environments. Our practice combines core disciplines of planning, urban design, landscape architecture and architecture and engages other creative and technical disciplines to create and implement socially, ecologically and economically sustainable design solutions that reflect and celebrate the unique culture and ecology of each community in which we work.

Job/Internship:
Internships and permanent positions in landscape architecture are being considered based upon qualifications and shared values.

Type: Architecture/Planning
Degree(s): Bachelor, Masters
