**Compass Lexecon**

http://www.compasslexecon.com

**Description of organization:** Compass Lexecon is internationally recognized as a leading economic consulting firm with preeminent competition, finance, and energy practices. The firm’s consultants provide law firms, Fortune 500 corporations and government clients with clear analysis of complex issues. Compass Lexecon has been involved in a broad spectrum of matters related to economics and finance – providing critical insight in legal and regulatory proceedings, strategic decisions and public policy debates. Our experience and expertise apply to virtually any question of economics, in virtually any context of the law or business.

**Type:** Other, Law/Law Related

**Job/Internship:**

Analyst, Research Analyst, Summer Analyst, Economist

Compass Lexecon is seeking Analyst candidates for our Oakland office. As part of our team-oriented approach, Analysts work closely with staff economists on a broad spectrum of matters related to economics to provide in-depth economic analysis of the relevant issues in each matter. While each project presents a different set of challenges, Analysts can generally expect to perform extensive data analyses, conduct industry research, and review case evidence. The data and research skills gained at Compass Lexecon serve as highly effective preparation for graduate studies, particularly in the fields of economics, business, law, and public policy.

**Work Location(s):** Oakland; Silicon Valley; Los Angeles
Description of organization: Cornerstone Research is a consulting firm specializing in the analysis of complex financial, economic, accounting, and marketing issues. In recent years, Cornerstone Research has become one of the nation’s leading finance and economics consulting firms with more than 450 full-time staff members across seven offices. Our uniquely collegial and supportive atmosphere makes Cornerstone Research a great place to work. Cornerstone Research invests in its people in a number of ways including providing extensive training opportunities and organizing memorable social events. To many, our culture and our people are the most exciting and enriching aspects of a career at Cornerstone Research.

Type: Other

Job/Internship: Analyst

As an Analyst, you will play a central role at Cornerstone Research. You will work in case teams that range in size but typically include an academic or industry expert, senior consultants, and analysts. Within a case team, you will make important contributions during all phases of a project—from developing case strategy to conducting complex analyses to preparing experts for testimony. Our small size provides opportunities for analysts to interact closely not only with senior consultants and academic experts, but also with clients. You will gain tremendous learning and development opportunities by working with faculty experts, clients, and senior consultants, and through our ongoing training programs.

**L.E.K. Consulting**
http://www.lek.com/

**Description of organization:** L.E.K. Consulting is a global management consulting firm that uses deep industry expertise and analytical rigor to help clients solve their most critical business problems. Founded more than 30 years ago, L.E.K. employs more than 1,000 professionals in 22 offices across the Americas, Europe, and Asia-Pacific. L.E.K. advises and supports global companies that are leaders in their industries – including the largest private and public sector organizations, private equity firms and emerging entrepreneurial businesses. L.E.K. helps business leaders consistently make better decisions, deliver improved business performance and create greater shareholder returns. For more information, go to www.lek.com.

**Type:** Other

**Job/Internship:**
Associate, Summer Associate

**Associate Position**
The focal point of an L.E.K. project team is at the Associate level. The Associate is responsible for the comprehensive research and analysis upon which each client engagement is based. Success of the team is dependent upon the quality and creativity of the analysis that Associates perform under the guidance of senior team members.

**Application Requirements**
L.E.K. does not have a rigid checklist of qualities a potential Associate must possess. Rather, our recruiting experience has shown that outstanding academic achievement, comfort with quantitative analysis, significant professional experiences, notable extracurricular interests, and demonstrated leadership and initiative are excellent preparation for a position within the Associate Program at L.E.K. Consulting.

The Parthenon Group

http://www.parthenon.com

**Description of organization:** The Parthenon Group is a leading advisory firm focused on strategy consulting with offices in Boston, London, Mumbai, Shanghai, Singapore, and San Francisco. Since its inception in 1991, the firm has embraced a unique approach to strategic advisory services: long-term client relationships, a willingness to share risk with our clients, an entrepreneurial spirit, and customized insights. This unique approach has established the firm as the strategic advisor of choice for CEOs and business leaders of Global 1000 corporations, high-potential growth companies, private equity firms, educational institutions, and healthcare organizations. To learn more about Parthenon and the Associate role, please visit our website at www.parthenon.com.

**Type:** Other

**Job/Internship:**

Full Time Associate

Associates participate as members of project teams in all aspects of the business. As team members, they receive significant responsibility for assembling data, performing analysis, structuring arguments, and developing presentations. Ongoing training is given for key business concepts and analytical methods as part of the Associate program. Due to the smaller size of our firm and the nature of our work, Associates typically gain responsibility more quickly than at other consulting firms.

**Work Location(s):** San Francisco, CA
Description of organization: ZS Associates is a global leader in sales and marketing consulting, outsourcing, technology and software. Our singular focus over our 30 years has been to help global companies maximize their sales and marketing organizations’ performance and results. Together, we design and implement strategies that lead to greater market share, more competitive operations and better utilization of today’s latest technologies. With more than 2,300 professionals in 20 offices around the world, our experts use analytics and deep sales and marketing expertise to help companies make smarter decisions quickly and cost effectively. We are particularly known for our strong presence in the pharmaceutical and health care sectors, yet work across a range of industries.

Type: Professional, Technical, and Administrative Services, Biotech/Pharmaceuticals

Job/Internship:
Business Associate, Business Associate Intern, Business Analytics Associate, Business Analytics Associate Intern

ZS Associates' Business Consulting group delivers solutions to a broad spectrum of sales and marketing challenges. We also help our clients transform their sales and marketing organizations to implement these solutions. Our solutions and recommendations are based in rigorous research and analysis underpinned by deep expertise and thought leadership. Business Associates / Business Associate Interns are often engaged in developing customer insight, applying problem-solving frameworks to client issues and supporting clients in change initiatives. Business Analytics Associates / Business Analytic Associate Interns employ advanced analytic techniques in areas such as modeling, simulation and optimization.
