**Class of 2016 Survey Results**

The Career Center’s annual Career Destinations Survey of graduating seniors illustrates the variety of employment and graduate school choices made by students in a given major. Fields with four or less responses are not shown to protect the confidentiality of respondents.

**Employers & Job Titles** data includes full-time and part-time employment, and internships.

**Please note:** Students with multiple majors are represented in each major. For example, a double major in English and Computer Science will have responses included in both reports.
