

## What Can I Do With a Major In...?

### Major: Nutritional Sciences & Toxicology

#### Class of 2017 Survey Results

The Career Center's annual Career Destinations Survey of graduating seniors illustrates the variety of employment and graduate school choices made by students in a given major. Fields with four or less responses are not shown to protect the confidentiality of respondents.

**Employers & Job Titles** data includes full-time and part-time employment, and internships.

*Please note:* Students with multiple majors are represented in each major. For example, a double major in English and Computer Science will have responses included in both reports.

The information here represents combined data for the following majors: **Molecular Toxicology, Nutritional Science-Dietetics, Nutritional Science-Physiology & Metabolism, and Nutritional Science-Toxicology.**
