

## What Can I Do With a Major In...?

Major: Chemistry

### Class of 2018 Survey Results

The Career Center's annual Career Destinations Survey of graduating seniors illustrates the variety of employment and graduate school choices made by students in a given major. Fields with four or less responses are not shown to protect the confidentiality of respondents.

**Employers & Job Titles** data includes full-time employment and internships.

*Please note:* Students with multiple majors are represented in each major. For example, a double major in English and Computer Science will have responses included in both reports.

**The information here represents combined data for students majoring in Chemistry in the College of Letters & Science and the College of Chemistry**
