

What Can I Do With a Major In...?

Major: Nutritional Sciences and Toxicology

Class of 2018 Survey Results

The Career Center's annual Career Destinations Survey of graduating seniors illustrates the variety of employment and graduate school choices made by students in a given major. Fields with four or less responses are not shown to protect the confidentiality of respondents.

Employers & Job Titles data includes full-time employment and internships.

The information here represents combined data for students majoring in Nutritional Sciences-Physiology & Metabolism (Metabolic Biology), Nutritional Sciences-Dietetics & Nutritional Sciences-Toxicology

Please note: Students with multiple majors are represented in each major. For example, a double major in English and Computer Science will have responses included in both reports.
